

Appendix to the Enrolment Application

Chip Card as Student ID

All students enrolled in the Kaiserslautern University of Applied Sciences, at the **Kaiserslautern, Pirmasens and Zweibrücken campuses**, get their student ID in the form of a multi-functional chip card.

The chip card is required for the day-to-day dealing with standardised business processes, serving as student ID, library card for the university library, canteen card and used for cashless payment functions. In **Kaiserslautern** and **Pirmasens** it also serves as **public transportation ticket – VRN Semesterticket plus Westpfalz**.

The personal information stored on the chip card includes, in particular, your name and your student number. A passport photo serves to identify the card owner. To issue the chip card, we therefore need a colour photograph of you, sized 45 x 35 millimetres in vertical format, borderless and with a light-coloured background. Please look directly at the camera. If possible, only your face should be visible in the picture. Passport or application photos are suited best. Please glue the picture in the area indicated for this purpose on this page (do not staple it), enter your surname, first name and date of birth in the fields below and sign in the field provided for this purpose. Please submit this form together with your application when you enrol.

For the first-time issuance of the chip card, a one-time administrative fee in the amount of 8 € is charged. This fee is to be paid together with the usual social services fees at the time of enrolment.

Current information can be found on the internet at:

<https://www.hs-kl.de/studium/studierende/studienangelegenheiten/chipkarte/>.

We hope that you have a good start into your studies! Please do not hesitate to contact us if you have any questions.
